

QUILT FEVER 2023

Member's Boutique

The funds generated by sales in the Member's Boutique are an important contribution to the success of Quilt Fever and subsequently to the Guild's ability to support their presence at NPCC. Member participation – large or small – is what will make this part of Quilt Fever a success.

- “Made items” have always been the main reason folks have visited the boutique so we encourage members to make items for sale which may include: quilted items, crocheted, knitted or any other item (no food items permitted) that is made by the member.
- Other items that can be sold by the members include: fabric; equipment; books; UFOs; notions, etc.
- All member sales are subject to a 15% commission which goes to the guild.
- The boutique committee will also accept donations of items (made items, fabric, UFOs, notions etc.) that can be sold with 100% of these sales going directly to the guild. Accepted during Studio C hours starting on March 6,2023
- All participating members must register with the Boutique Co-Chair (Sonya Elliott or Irene Dicks) to get their personal code letter. Once registered, members will be sent a personalized Boutique instruction package.
- If you plan on selling items in the boutique it is expected that you will volunteer in some capacity in the boutique and/or the rest of the show. Please sign up on the volunteer list posted in Studio C.
- For more information of what is involved – please feel free to contact Sonya Elliott
